

Rêve d'Été

A classical example of the finesse to which the region of Aix-en-Provence crafts rosé. A pale pink-salmon hued wine that exhibits aromas of cherries, peaches, and apple - these scents are both giving and unctuous. Similar to the aroma, this wine's flavors are impressive - cherry, and peach are accompanied by the addition of strawberry and fennel. Its lively acidity is there to balance the rich roundness and depth of flavor.
